PROFESSIONAL SUMMARY

Network and Security Engineer with 7+ years designing, deploying, and supporting enterprise networks. CCNP SD-WAN and PCNSE certified. Skilled in Cisco SD-WAN, Meraki, Palo Alto firewalls, Azure, GCP, LAN, WAN, WLAN, virtualization, and Linux. Experience in multisite rollouts, network optimization, cloud integration, troubleshooting, and documentation. Calm under pressure, client-facing, problem-solving mindset.

KEY SKILLS:

- SNMP, TCP/IP, VLANs, MPLS, HSRP, VRRP, EIGRP, OSPF, BGP, IPSec, VPN, SSH
- UCS, VMware vCenter, Citrix XenCenter, Hyper-V, Windows Server, Linux
- ScienceLogic SL1/EM7, OpsView, Splunk, Wireshark, WhatsUPGold
- Citrix SD-WAN, CloudGenix, Cisco Meraki, Cisco Viptela
- Cisco ASA, Palo Alto Firewalls, Panorama
- Azure, Google Cloud Platform, Python scripting
- Cisco, Aruba, Meraki, Buffalo wireless

CAREER HISTORY:

EXPERIS / MIRA COSTA COLLEGE, Oceanside, CA

10/2024 – 03/2025

IT CONSULTANT (Contract)

- Upgraded 50+ Cisco 2960/3650 switches to Catalyst 9300 series (IOS-XE)
- Maintained 99.9% uptime for critical VoIP and data services
- Deployed Cisco WLC 9800 supporting 200+ Wi-Fi 6 access points

DISYS / CARRIER, San Diego, CA

07/2023 – 08/2024

NETWORK CONSULTANT (Contract)

- Led migration of 100+ satellite sites and 2 data centers to Cisco SD-WAN
- Redesigned small office layouts including rack design and AP placement
- Configured Viptela vEdge routers with dual-carrier failover (Internet/LTE)
- Deployed Meraki MR46 access points with location analytics

EUROFINS, NSC, San Diego, CA

07/2022 – 07/2023

NETWORK/SECURITY ENGINEER

- Built greenfield sites with Cisco 9300, virtual SD-WAN, Checkpoint R81, VMware, OpenGear
- Designed Zero-Trust network architecture for HIPAA-compliant laboratories
- Executed legacy network cutovers and equipment decommissioning per strict approval procedures
- Deployed Checkpoint R81 virtual firewalls with 10Gbps throughput

BURWOOD GROUP INC., San Diego, CA

12/2018 – 07/2022

NETWORK CONSULTANT | 03/2022 – 07/2022

- Delivered high-quality network and security solutions using Cisco and Aruba
- Replaced Palo Alto PA-3020 firewalls with PA-5000 series, improving security and performance
- Supported Cisco 9300 switches in university campus environment post-deployment
- Provided client training and knowledge transfer for solution maintenance

TIER 2 NETWORK/ SECURITY ENGINEER | 03/2021 – 03/2022

- Deployed and supported Cisco Meraki, Citrix SD-WAN, Palo Alto CloudGenix across multiple sites
- Completed Citrix SD-WAN and Palo Alto CloudGenix deployments
- Trained engineers on CloudGenix support and deployment
- Maintained Python automation scripts and detailed documentation
- Managed Cisco ASA policies, upgrades, and VPN migrations

OPERATIONS TEAM LEAD | 03/2020 – 03/2021

- Improved escalation workflows and ticket management, reducing SLA breaches
- Introduced processes for sensitive incident and alert management

NOC ENGINEER | 12/2018 – 03/2020

- Managed network engineering and IT projects including hardware, software, and VoIP deployments
- Monitored network performance, handled troubleshooting and upgrades for firewalls, UC, SD-WAN, Windows Server
- Provided Layer 2/3 enterprise environment support and trained new engineers

BASTYR UNIVERSITY, San Diego, CA

04/2017 – 12/2018

NETWORK ENGINEER

- Supported daily operations of networks, servers, and user access for 300+ users
- Managed system upgrades and enhancements for Windows Server, Cisco and Dell switches, SonicWall firewalls

EDUCATION

Moscow Technical University of Communication and Informatics

- MS Information and Communication Technologies and Communication Systems
- BA Information and Communication Technologies and Communication Systems

CERTIFICATIONS

- Cisco - CCNP SD-WAN 2021, CCNP Route & Switch 2020, CCNA Security 2018
- Palo Alto - PCNSE 2022, PSE 2021
- Cloud - Google Associate Cloud Engineer 2020, Azure Fundamentals 2022
- Other - Citrix SD-WAN Fundamentals 2022, Guardicore GCSA & GCSE
